

## Guidelines for Workshop Presenters

The success of the conference will rely on the contribution of teachers, lecturers, and technologists. You are invited to present a workshop relevant to the conference aims. Delegates will include people involved in technology and hangarau, both in an educational sense and in the wider community – educators from primary, secondary and tertiary sectors, careers/ transitions teachers and practising technologists. The organising committee wish to emphasise the role of the primary sector in establishing positive attitudes and fostering passion in Technology.

### The Conference

#### Theme

*"Technology Education- A Future in Technology"*

#### Aims:

- Identify technology career paths
- Demonstrate how practice is informed by theory
- Create opportunities for teacher motivation and development
  - Have teachers teaching teachers
  - Showcase students' work.

The conference has a different emphasis on each day. Keynote sessions are followed by a wide choice of workshops, presentations and visits to technology-based enterprises.

Day 1: Delegates will be welcomed with a powhiri and the official opening of the conference at the Christchurch College of Education. A variety of workshops and papers will be presented with a focus on exposing and *up-skilling teachers* in a variety of fields within technology. Share your areas of expertise in either the theoretical or practical fields.

Day 2 has a focus on *Teachers in the Classroom*: Teachers thrive on gathering ideas for their own classroom practice. A variety of papers, workshops and visits will make up this day. This is an opportunity to share your innovative ideas so that students from around the country can benefit from your passion. The day will conclude with an exciting and unique conference dinner amongst the planes at the Airforce Museum

Day 3 focuses on *Career Pathways*. Technology Education leads to a wide range of careers. The aim of this day is to increase the value that teachers and students place on technology education and to foster an awareness of the variety and nature of careers that can stem from quality technology education programmes. A variety of keynotes and papers will make up this day.

### **Information required**

Please explain how your workshop links to the conference aims.

Please provide an outline of the workshop sequence and intended activities.

Please state intended audience.

### **© Copyright**

All workshop information presented at TENZ 2005 remains the copyright of the authors. However, Technology Education New Zealand reserves the right to publish and distribute this information as required. This includes publication in the Conference programme and on the TENZ website.

### **Refereeing**

Workshop information will be read by members of the Conference Committee. Members will consider the information to determine the workshop's relevance to the theme and aims of the conference and its intended audience. Based on the information provided, the workshop outline will be accepted, provisionally accepted or declined. In the case of provisional acceptance recommendations will be made. Information provided will also be used to schedule workshops.

### **Information about presenters and workshops**

The following information is required for inclusion in the Conference programme.

Please include this information as a separate file attachment to your email.

- Title of workshop
- Presenter(s) first and last names (If the workshop is to be presented by more than one person, please name all presenters.)
- 200 word description of the workshop
- Intended audience
- Presentation setting
- Please also indicate if your workshop will include any activity that may require specialist facilities or equipment you are unable to provide or seating other than classroom style (rows of tables and chairs).
- Biographical information about presenter (to be used to introduce your session at the Conference)
- Audio-visual requirements

## TENZ 2005 Forwarding instructions

Please send this information to the TENZ 2005 Conference Convenor in electronic format (tenzconference@cce.ac.nz) as a file attachment to an email in MS Word. However, to ensure that we publish information about your workshop exactly as you intended, and especially if you have tables and/or diagrams, it is necessary for you send us a hard copy as well.

- Please forward your workshop information as well as Information about presenters and workshops to reach the Conference Convenor no later than 29 July 2005.
- Send your file and hard copy to the Conference Convenor at the address given below.
